## Carly Stoops

Title: **Untitled**

Grade: **12**

School: **Traverse City West Senior High**

District: **Traverse City Area Public Schools**

Art Teacher: **Julie Keck**

Learning Statement:

This ring is inspired by the Museum of Modern Art in New York City. I utilized small metal cutouts to capture the repetitive but clean architecture that MoMA exhibits.

## Shianne Rodgers

Title: Animal Collage

Grade: 5th Grade

School: Prairie Elementary

District: Adrian Public Schools

Art Teacher: Sara Youtsey

### Learning Statement:

This project allowed me to explore how artwork evolves and is a process. The most important thing I learned is that art doesn't have to be anything other than what you want it to be. I chose my dog Harley as the inspiration for my collage. He is a very spoiled boxer and my best friend. I looked at him and pictures of other boxers to figure out what contour lines to draw that would create the shape of his face. I think I caught his spirit through this piece!
